- 14: New Staff Members
- 15: Summer Internship

### **Department Vision**

Moulding socially responsible, ethically strong and technically competent electrical and electronics engineers

#### **Department Mission**

M1: To educate, inspire and mentor students to produce quality professionals in the field of electrical and electronics engineering.

M2: To facilitate students to render services to the society through innovations and entrepreneurial activities.

M3: To encourage students to become lifelong learners.

### **Editorial Board**

Mr. Lineesh A S (Staff Editor)

Mr. Alex M J (Student Editor)

Ms. Krishnakripa K S (Student Editor)

### **MESSAGE FROM HOD**

It gives me immense pleasure and pride that the first issue of the department newsletter titled "EMPOWER" for the year 2023 is being published. Newsletter publication is a great way of regularly showcasing the major activities and achievements of the students and faculty members of the department and connect with all the stakeholders.

The Department is working hard to build Electrical Engineers who can meet the industry requirements as well as the demands of higher education by combining fundamental core knowledge with practical skills. I want to thank each and every one of the department for their unceasing efforts to ensure the department's ongoing success. We work hard as a team to bring the department to new heights of success and glory, as well as to achieve our vision.

I congratulate the editorial board of the department newsletter for their brilliant efforts to bringing out the department newsletter. I convey my good wishes to all the readers of the newsletter.

### **EXPERT TALK**

• Our final year students participated in an expert talk organized by the department on the topic "An Overview of Electric Vehicles" delivered by Dr. Joly M, Professor of Department of EEE, Universal Engineering College, Thrissur. She explained the history of electric vehicles, recent developments in electric vehicles, and environmental and socio-economic impact of electric vehicles.

 Second and Third year students of the department participated in an interactive session organized by the college IEDC on the topic "Entrepreneurship Opportunities" on 24/06/2023. Assistant District Industries Officer Mr. Ajith Kumar K P discussed the importance of entrepreneurship and its opportunities to the students.

#### **SEMINAR**

First and Second year students participated in a seminar on the topic "Cyber Laws" on 13/02/2023. Civil Police Officer of Thrissur Rural Cyber Cell, Mr. Manu Krishnan M N explained different activities come under cybercrimes and cyber laws related to it. Students actively participated in the seminar and cleared their doubts.

EMPOWER

### **ORIENTATION PROGRAM**

Department of Electrical & Electronics Engineering organised an orientation program on "Importance of IEDC in Technical Education". Our HOD who is also the Nodal Officer of IEDC was the resource person. He explained the role of IEDC in promoting innovation and start up ideas.

### PLACEMENT

- Final Semester students Adam Thomas and Alex M J got offer letter from MRF, Chennai for the Position of Electrical Supervisor.
- Final Semester student Adharsh P.M got offer letter from JSW Steel Limited for the Position of Electrical Supervisor.

- Final Semester students Aparna K.S, Archa P.V and Mrudula Devi M got offer letter from First Solar.
- Final Semester students Jayakrishnan K S, Thejus K R, Adam Thomas, Nidhin Pradeep, Arfad Yasin K M, Alvin A D and Aswin Raj V B got offer letter from IMMCO.
- 32 final semester students of the department got offer letter from Anand Mando eMobility Private Limited.

### **BEST STUDENT AWARD**

Anjo Antony Peter of 2019-2022 batch received the best student of the batch award for his excellence in academic as well as extra-curricular activities.

NEWSLETTER OF DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### **INDUSTRIAL VISIT**

• Final year students visited Kerala Electrical and Allied Engineering Co Ltd., Malappuram on 30/03/2023. It is a transformer manufacturing unit and a Government of Kerala Undertaking company.

• Second year students visited 37.5 MW Pallivasal Hydro Electric Power Station under the Kerala State Electricity Board Limited located at, Chithirapuram, Idukki.

### **FACULTY TRAINING**

All the staff members of Electrical and Electronics Department participated in a two day training program on "Kerala Service Rule, Kerala Financial Rule and Kerala Treasury Code" during 09/06/2023 to 10/06/2023. Former Administrative Assistant Mr. Chandra Kumar was the resource person. It was a fantastic learning experience and an incredibly valuable interactive session for the faculty members.

### **DIGITAL NOTICE BOARD**

A new digital notice board is installed in front of the staffroom by the final year students as a part of their project.

#### NEWSLETTER OF DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

#### **SPORTS**

Final year students finished as the runner-up in the Kerala Polytechnic College ball badminton championship held at Thiruvananthapuram.

### ARTS

The department is proud to say that Sreerama Government Polytechnic College is the Champions of the Kerala Polytechnic College Arts Festival-2023 held at Sree Narayana Polytechnic College, Kottiyam

#### RETIREMENT

Principal Abdul Nasser A A retired from the service on 31/05/2023. The department wishes him a happy retirement life.

### **NEW STAFF MEMBERS**

Layana K A joined the department as a Lecturer on 10/03/2023. She was working in Government Polytechnic College Kalamassery.

Remya A V joined the department as a tradesman on 19/01/2023. She was working in Government Engineering College, Idukki.

NEWSLETTER OF DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

## SUMMER INTERNSHIP OF SECOND SEMESTER

Department of Electrical & Electronics Engineering of SreeRama Government Polytechnic College, Thriprayar organized a 15 days internship program for first year students from 15/05/2023 to 31/05/2023. The objective of the program was to provide possible opportunities to learn and understand technical/supervisory skills and expose current technological developments.
